1644	Emailed picture to Durham officer to bring up on the ^{Big} screen for a clearer perspective of what we're facing	
1652	Requested OPS Pou Command FLANAGAN to see if he can get relief for OPP Pou - FLANAGAN acknowledged	
1654	FLANAGAN - Crowd is agitated, they'll get cold, if we push our members might get hurt, would be pushed into residential area, maybe hold off for a couple hours as we have reserve to cycle so members can rest and then re-assess, and then fencing should be here	
1656	Consensus is to leave it for a little while	
1658	Advised A/Sgt MCKENZIE of the current plan - need to hold, then get some rest in case we push later, they'll be rested	
1716	OPP Pou now relieved by TPS	
1726	Call from OPP TRU NORLOCK who confirmed they have now left heading to

1342	as to how it plays out - concept of operations to planning - Tactical planning, OPP need to be involved with OPS planning - separate bodies from vehicles, only tactical value is supporting people on the ground and their (protestor) blind spot	
1345	Original plan was to launch on Sussex - got tool from Fire Dept that fractures windows instead of breaking - Ask, then break and move - we need vantage point to watch members back - we should have TRU Command input	
1349	Discussions ended	
1458	Email from Terri COLE	
1500	Call from Terri COLE regarding equipment procurement details - will probably need a business case - confirm with GOLD the compliment

1202	Insp SPRINGER joined the call - from an operational perspective, POU possibly having an emergency Ops plan, Planning looked like rolling out Thursday - no alignment between two groups, mike FRANOS advised they are working on plan to roll out Tuesday @ 0600hrs	
	SPRINGER - looking to supplement POU members on Friday, assets to arrive Thursday	
ALAKAS	- can't have plans standing up and down - resources can't keep flight planning etc - heavy corporate comms to utilize Emergency Order so rolling out Tues, so to be ready on Friday - SPRINGER advised this is what is being advised by OPS - we shouldn't stretch ourselves - this is going to last longer than we think so we can't have members burning out	
1208	- Resources need to be planned - right now we are sufficient
